**CAUTION - EXTERNAL:**

We would like to express concern over the lack of notice and very short time frame provided in the case of GENERAL MOTORS IGNITION SWITCH ECONOMIC SETTLEMENT for people to file their claims. We only received a postcard saying the opportunity to file would be some time after March 18, 2021 ("no earlier than March 18, 2021" which could be any random date in the future after March 18, 2021.) We checked the website this week and now it says it's already closed as of April 20, 2021 and we can't file a claim!

People's lives cannot be monopolized with constantly checking this website, especially given COVID and complete lack of notice letting people know that the claim filing window had opened, we'd like to object or request that this very short timeline be extended allowing people to properly have time to file their claims.

Your feedback is greatly appreciated. Please contact me either via email at [AIRFOIL65@yahoo.com](mailto:AIRFOIL65@yahoo.com), phone at 954-614-6133 or via mail:

We are filing a formal complaint that you did not provide ANY notice that the opportunity to file a claim had opened and did not provide adequate time to file a claim (less than 30 days). We were just notified that it would open sometime after March 18, 2021. People were never notified that it actually opened. Additionally, given the circumstances of COVID happening in the world, having less than a month to file when a person or their family member is ill is absolutely not adequate.

Kind regards,

We received a notice that the opportunity to file a claim would be after March 18, 2021 but now the website says the deadline is already passed. That gave people less than one month!

We have claims that we would like to file. What do we do?
